CHALLENGE COINS

As a disabled veteran-owned company, we understand the importance of symbols that represent belonging, achievement, and shared experiences. Our design team works closely with Scout troops, councils, and organizations to create coins that capture the values and stories unique to your group.

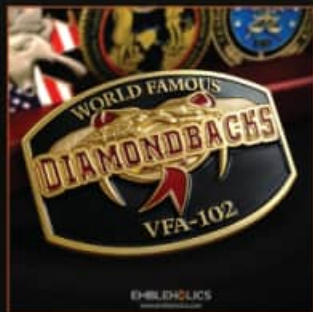

Every coin is thoughtfully designed to become more than a keepsake, it becomes a symbol of leadership, service, and adventure that can be carried for years to come.

BELT BUCKLES

At Embleholics, we know a belt buckle is more than just an add-on feature. Belt buckles should be symbols of service, achievement, pride, and tradition. As a veteran-owned company, we've worn custom belt buckles ourselves and understand the meaning they can carry for our customers.

PRODUCT OPTIONS

Choose the features and styles that make your custom product uniquely yours.

PLATING OPTIONS

The plating style of your custom coin plays a major role in its overall appearance and personality. Different finishes can make a design feel bold and modern, historic and prestigious, or rugged and tactical. Popular options include gold, silver, copper, antique finishes, black nickel, and dual plating, each bringing out different levels of detail, contrast, and shine within your artwork.

EDGING OPTIONS

Edge detailing adds an extra layer of personality and craftsmanship to your custom coin. From clean flat edges to rope cuts, spur edges, cross cuts, and other textured styles, edging can subtly enhance the overall feel and appearance of the design while giving the coin a more finished and substantial look in hand.

Choose from a variety of traditional edge styles, or create something completely custom to match your vision. Whether you want a classic military look, a bold tactical feel, or a unique custom pattern, edge options help make your product stand out even further.

EVENT MERCHANDISE

Coordinate your swag or goodie bags, promotional giveaways, gifts, passes and team equipment with us! Whether your event is private, such as a wedding or graduation, or a corporate trade fair, opening or gala, we can help you assemble a package of gifts and goodies to make just the right impression.

ABOUT US

BUILT BY VETERANS. CRAFTED FOR HEROES

What started as one veteran's vision to restore meaning to the challenge coin tradition has become a trusted name in custom craftsmanship. Since 2014, Embleholics has worked with military units, government agencies, and organizations worldwide to design story-driven pieces that honor purpose, pride, and belonging.

TIMELINE SNAPSHOT

- 2014 • Embleholics founded by Navy veteran Lee Adams
- 2016 • Shipped our first 10,000 custom coins to organizations worldwide
- 2020 • Expanded production capabilities while maintaining quality standards
- 2025 • Trusted by 1,000+ military units, agencies, and organizations globally

THE JOURNEY FROM CONCEPT TO KEEPSAKE

Our process centers around understanding your story and translating it into a design that honors what you're commemorating. Here's how we work together.

INSPIRATION & DESIGN

We collaborate to develop designs that tell your story through symbolism, imagery, and details that resonate with those who'll carry them.

CHOOSE YOUR FINISH

Select metals, colors, and textures that elevate your coin's identity and craftsmanship.

PRODUCTION & QUALITY

Your design comes to life through meticulous artistry and durable materials that stand the test of time.

WORLDWIDE SHIPPING

No matter where you serve, your custom coins arrive ready to be carried, gifted, and remembered.
